Our mission is to supply every thrifty housekeeper in and about Greater New York with wholesome foods, high-grade groceries and the finest of teas, coffees, canned goods, wines and liquors for the least possible price. Our aim is to make it convenient for every family, to purchase near their homes, and to get the very best value for their money—to raise the standard of living and at the same time reduce its cost. A hard problem this, that requires eternal vigilance, but not too hard for us to solve. We commenced almost twenty-five years ago with one grocery, and have been branching out ever since, keeping pace with the growth of this great city and the requirements of new neighborhoods as they were built up. That we are fulfilling our mission successfully and to the manifest advantage of a mighty host of housekeepers is evidenced by our 160 prosperous Groceries, each one radiating health, happiness and economy all around it. Corona is the latest neighborhood to thate the benefits of a JAMES BUTLER GROCERY. The new store swings its doors open next Schurday morning, completely stocked with all the good things to eat and drink, at the corner of

\*Main & Grand Av., Near the Corona Railway Station.

It is needless to say that every housekeeper in this thriving residence district of the borough of Queens is cordially invited to visit the new store and make her wants and wishes known.

\*The star in front of the address signifies that the new store is ilcensed to retail wines, liquors, alea, beers and cordials for family consumption. We leave nothing undone for the comfort and convenience of our patrons.

A few of the low prices for the week at all our 160 Grocery Stores are published to-day, as usual, for the guidance of housekeepers.
